<p>Industry Advocacy & Legislative Engagement: NORMI™ is actively involved in shaping reasonable regulations and advancing professional standards nationwide.</p>	<p>A safer, healthier home: NORMI™ works with lawmakers and industry leaders to push for fair, science-based regulations that protect consumers and raise the bar for everyone in the industry.</p>

NORMI™, the National Organization of Remediators and Microbial Inspectors, is one of the fastest growing certifying agencies in the country and has been involved in providing high quality training for mold and indoor environmental professionals since 2004. Training both Assessors ([CMA](#)) and Remediators ([CMR](#)), NORMI has trained thousands of entrepreneurs, home inspectors and construction professionals through the United States, Canada, Australia, Europe and South America. NORMI™ provides over [40 Certifications](#) to meet licensing laws now established in the states of [Texas](#), [Louisiana](#), [Florida](#), [New York](#), [Washington, DC](#), and [Portland, OR](#). Additional States, including [California](#), [Illinois](#), and [Connecticut](#), have issued legislation recommending contractors be certified by credible organizations, including NORMI specifically. We are proud to say that NORMI™ has been named as a recognized credible organization.

Many states are considering regulations regarding mold professionals licensing and NORMI™ is in the forefront of that legislation to help protect the public and the trade without jeopardizing business growth. Sound, reasonable regulations become a solid foundation on which well-trained professionals can operate their businesses with success and credibility. NORMI™ offers legislation to states who are currently considering establishing a [mold licensing law](#).
