ONLY THIS TIME in FLORIDA during 2009

Our schedule is set for 2009 and we are NOT planning on being in Florida again this year so NOW would be a great time to take a course (even a refresher) if you want to get the latest updates and take your course ONSITE.

We are able to offer these single course deals because our Training Conference is centrally located—smack in the middle of Florida. Orlando is a great place to be in January (just notice the snow up north!) and you will have access to all of these great trainings, probably just a short drive from where you live. Hotels are reasonably priced and the airlines have cut their prices...ALL in your favor.

If you are interested in any of the events listed to your right, simply show up and register ONSITE. Taking a class onsite gives you the ability to ask questions, touch the equipment, and talk to those who have succeeded and get good advise. All these things are calling you to Orlando...what will you say? We are making this opportunity available because we want you to know that Walk-ins will be Welcomed!

***TAKE ANY CLASS AND YOU GET 5 CEUs, enough to be Re-Certified thru February 2010**
