

Monday 02/16/09

**CE** TUESDAY NIGHT—LIVE in the NORMI Talking Studio..616.712.8000 x 988162#  
 7-9pmEST **“Green Building Initiative and NORMI” Linda Eicher, Director of Business Development**

*Dr. Rapp Comes to Louisiana!*

Dr. Doris Rapp has been an advocate for children for years getting parents and schools to consider the damage being done to these young minds by the constant barrage of contaminants in indoor air. NOW, she is singing the praises of NORMI as we begin to build a relationship to fight this battle together. What is on the horizon? Great things will be accomplished as we work together to get the PSP (Professional Screening Partner) program in the hands of parents and teachers who need it. We couldn't be happier!

On April 5th and April 6th, NORMI is in New Orleans and Baton Rouge, respectively, to the indoor environments. We believe this will be a great opportunity to meet and greet with those concerned citizens who KNOW there is a problem but unclear as to the magnitude of the problem or the solutions that might be available. Plan to be there, if you can. It will be worth your time and the time of all those who are able to attend.
