CE	TUESDAY NIGHT—LIVE in the NORMI Talking Studio...616.712.8000 x 988162#
7-9pmEST	<b>Ashby Cockrill talks about “Benefits NOW”</b> —Insurance Savings
9pmEST	activTek Environmental National Conference Call—712.432.7616 x 69246#

*NOW is a GOOD TIME to SAVE on INSURANCE!*

Benefits Now, LLC is a family owned insurance agency and their success has been built upon old fashioned service: listening to prospects’ and clients’ needs, working diligently with business partners to find the “most” cost-effective coverage, personally handling service issues, and building long term personal relationships with their clients. Doug says, “Ashby has been incredibly helpful to many of our members because he diligently searches out the best option for their insurance needs. Neva and I are currently working with him to put together our health insurance benefits! Having been in business for ourselves for over thirty years, I know, first-hand, how difficult it is for a self-employed family to find affordable life, health and disability! I can’t be more pleased to have Ashby as a part of our team of benefits we now offer our entire membership. I’ve only heard GOOD THING about Ashby and the services he provides!”

Ashby Cockrill, President of Benefits Now, LLC determined that the major medical marketplace was totally out of control and that the next generation of product, Specified Medical Benefit Plans, would be the best alternative for affordable access to healthcare for the 44 million now uninsured Americans. Ashby has 24 years experience in the insurance/financial services industry and works hard every day to provide NORMI Members with the research they cannot do on their own. You will WANT to hear what Ashby has to offer even if you have your insurance needs met because it could ALL CHANGE tomorrow! Don’t miss this opportunity to understand your options!
