IAQ Training a Success!

Many NORMI Members are asking for more IAQ Training to help facilitate the IAQ Management program, the Sanitization Protocol,

and the other programs Mold Inspectors, Sampling Technicians, and Mold Remediators offer to the public. The NORMI Healthier Home Warranty will make understanding indoor air quality technologies a necessity for everyone who want to share in the ongoing residual income it will produce.

stand the many complexities of placing air purification products in commercial environments in a way that will be most effective and financially efficient. Rick DeMarco, General Manager, describes the vertical markets available to the savvy commercial air purification entrepreneur and Doug Hoffman presents a credible way to SURVEY * SAMPLE * SOLVE for the purpose of getting solutions into the market.

NORMI teamed up with activTek because of the invaluable IAQ training offered by the 1-Day activTek training. Allen Johnson, Chief Technology Officer presents a powerful one-hour presentation on the different technologies available to solve indoor air quality problems and how the activTek NASA Certified Space Technology stands head and shoulders above the competition. Dave Tupman, an experienced field tech, helps the student under-

This team is nothing short of fantastic in covering so much material in a 1-Day class. The testimonials have been incredible and NORMI is proud to be such an integral part of this IAQ training. If you need better IAQ training, this may be the answer to the “nuts and bolts” kind of training you have been seeking!
