CE	TUESDAY NIGHT—LIVE in the NORMI Talking Studio...616.712.8000 x 988162#
7-9pmEST	“PART 2—The NORMIPro Environmental TASC Force”—Linda Eicher, Director of ETF

“If I were to tell a client that I am a member of BNI or a chamber leads group, it wouldn’t really mean much to them because these leads groups are strictly a business-to-business networking opportunity. Now, to be able to be in an aggressive leads group AND promote myself as part of the Environmental TASC Force tells the client I am concerned about protecting the environment AND affords me the opportunity to network and share leads with other environmental professionals. This is absolutely a win-win for my business. Let me know when you are ready to start...I want to be a Chapter President!!” Anonymous

Well, IT IS HERE! The **NORMIPro Environmental TASC Force** is ready, are you? Now you can become a part of the most incredible leads-sourcing opportunity NORMI has introduced. This is a way for you to make your business skyrocket by sharing with other professionals the advantages of the NORMI PSP Programs in IAQ, Power Savings, and Drinking Water. These programs have become the basis of reaching the public, especially the residential market, in a way that they have never been touched before.

You don’t want to miss this opportunity to learn about the TASC Force. You need a chapter in YOUR TOWN and you need a team of professionals who can help each other get the word out about the services you and they offer. Come into the NORMI LIVE Talking Studio this coming Tuesday Night and learn all about it. You will be excited and have the **FIRST OPPORTUNITY** to get on board! Linda Eicher, the Director of ETF will be in the room to answer your questions.
