PAMELIA ARNOLD in the SPOTLIGHT

“When I first met Pamela Arnold in Santa Fe, NM, she had come to our CMI class because she believed that NORMI could become a great partner in presenting to the public the problems of mold. Having first-hand experience with the problem, she wanted to help others find solutions without their having to do the intensive searching for answers that she experienced. I am so excited about having her become a part of our efforts to fulfill the NORMI Mission Statement and she will become a very important asset as we work together to educate those who need solutions!” D. Douglas Hoffman

“Presented with the challenge of starting over, Pamela and her husband, Ken, embraced their new life

Pamelia was a full-time mom to her daughter, Cynthia, until she was grown. In time she became a business leader, volunteer Christian counselor, and now enjoys being a volunteer art docent in the public school system. An avid writer, she is presently preparing a collection of children's Christian stories. Four married children, plus nine grandchildren complete their family.”

Note from the author:

The first time I opened my Bible in our new home in the desert, this is the scripture revealed unto me " *The voice of him that crieth in the wilderness. Prepare ye the way of the Lord, make straight in the desert a highway for our God.*" Isaiah 40:3 This is the highway I desire to journey. *Pamelia*

in the desert of Rancho Mirage, California. It seemed to give purpose sharing insights of their journey, beginning in 1995 and continuing to touch their lives today.
