**CHINESE DRYWALL  
REMEDATION**  
*Training Module  
NOW INCLUDED  
in this class!*

**BRAND NEW!**

### Certified Mold Remediation Training

At the Orlando conference, and then coming to Ft. Myers, Jacksonville, and Little Rock, is the brand new BTS Certified Mold Remediation Training. FIVE DAYS of intensive study which will include, for the first time, in-house HANDS-ON Training.

That’s right...donning PPE, creating containment, establishing negative pressure, and mechanically testing for and removing mold contamination! This is what the industry has been waiting for...3 class room days and 2 hands-on in the warehouse days will take your training to the highest level! Workers NEED this training whether they certify or not! Assessors need this to write the best protocol!

AND, you will be prepared to sit for, if you are qualified to do so, the NORMI and/or ACAC certifications. WOW, what an opportunity! Many of our current members will need this kind of training and certification to meet the new Florida and Arkansas licensing laws so get it now while you enjoy some beautiful days at the Disney Boardwalk!

Chinese Drywall has been an issue plaguing the southeast (primarily LA and FL) and it is our belief that the licensed CMR will most likely be the person charged with the responsibility of removing the contaminated corrosive drywall and fixing the problem. SO, we have added a module in this class to deal with this problem specifically. We will discuss the history, the potential litigation, the recommended remediation process and the handling of contaminated materials. Be on the forefront of this problem and **GET TRAINED NOW!**

### Legislative Update

There has been a lot of discussion about Arkansas and Florida that will soon require licensing for Mold Assessors and/or Remediators. Current NORMI members may have the opportunity to grandfather in their training IF they remain active, certified, and get the right training! The Orlando conference may be the best time for you to get current! Now is the time to get everything in order because when the gavel comes down, the law will be the law.

**Don't delay!
